SPED 7.2 - Special Education District Profile Reports - Report Definition

REPORT PURPOSE

The Special Education District Profiles Report allows users to display district-level data on many of the special education indicators that are required based on Iowa's State Performance Report that is required by the Office of Special Education Programs (OSEP) under the Individuals with Disabilities Act (IDEA) of 2004. Annual outcomes and targets are displayed graphically for each indicator.

WHAT DATA ARE INCLUDED / WHAT DATA ARE EXCLUDED

This report contains longitudinal district-level data, state-level data, and annual targets for the following indicators. Please note that this report must be run based on the federal fiscal year, which then corresponds to a particular school year. For example the FFY2012 district profile corresponds to the 2012-2013 school year. The SPED 7.2 Report uses data reported via Student Reporting in Iowa (SRI) data submissions and information from the Special Education Information Management System (IMS).

- B1 – Graduation
- B2 – Dropout
- B3B – State Assessment Participation
- B3C – State Assessment Performance
- B4A – Suspensions and Expulsions
- B4B – Suspensions and Expulsions by Race/Ethnicity
- B5 – Least Restrictive Environment 6-21
- B6 – Least Restrictive Environment 3-5
- B7 – Early Childhood Outcomes
- B13 – Secondary Transition on IEP
- B14 – Secondary Transition One Year Out
- B15 – Monitoring
- B20 – Timely and Accurate Data

DATA YEARS AND RANGES

Please note that this report is run based on the federal fiscal year, which corresponds to a particular reporting school year. The reporting school year is the same as the data year for most indicators, but not for all indicators as some indicators lag a year from the reporting school year. For example, the FFY2012 district profile corresponds to the 2012-2013 school year. It also corresponds to the 2012-2013 data year for all indicators except B1, B2, B4A, and B4B, which lag a year behind and thus have a data year of 2011-2012.

Although all of the charts and tables in this report span from the 2007-2008 to 2012-2013 data year, the available data range for each particular indicator will vary. Below are the district data ranges for each indicator that appears in the report:

- B1 – FFY 2009 (2009-10) - FFY 2012 (2012-13)
- B2 – FFY 2012 (2012-13)
- B3B – FFY 2007 (2007-08) - FFY 2012 (2012-13)

- B15 – FFY 2007 (2007-08) - FFY 2012 (2012-13)
- B20 – FFY 2012 (2012-13)

DATA CALCULATIONS

The calculations for each indicator are documented in detail in the state's State Performance Report. A summary of these calculations is below:

- B1 – Title 1 Cohort Graduation Rate = [(FG + TIG) / (F+TI-TO)] *100
- B1 – Extended Graduation Rate = [(FG5 + TIG) / (F5 + TI – TO)] * 100

  FG = First-time 9th grade students in fall of 2006 and graduated in 2010 or earlier
  FG5 = First-time 9th grade students in fall of 2005 and graduated in 2010
  TIG = Students who transferred in grades 9 to 12 and graduate in 2010 or sooner
  F = First-time 9th grade students in fall of 2006
  F5 = First-time 9th grade students in the fall of 2005
  TI = Transferred in the first-time 9th graders' cohort in grades 9 to 12
  TO = Transferred out (including emigrates and deceased)

- B2 - The US Department of Education's Office of Special Education Programs redefined the measurement for Indicator B2 for FFY 2012 (2012-2013). The numerator remains the number of students who dropped out. The denominator has been redefined as the sum of (a) graduated with a regular high school diploma, (b) received a certificate, (c) reached maximum age, (d) dropped out, or (e) died.

- B3B – Participation Rate Percent = (# students with IEPs participating in the assessment in a particular grade / # students with IEPs enrolled during the testing window in a particular grade, calculated separately for reading and math) * 100

- B3C – Proficiency Rate Percent = (# students with IEPs enrolled for a full academic year scoring at or above proficient in a particular grade / # students with IEPs enrolled for a full academic year in a particular grade, calculated separately for reading and math) * 100

- B4A – Long-term Suspension/Expulsion Rate = (# students with IEPs, age 6-21 / # students with IEPs, age 6-21, suspended or expelled for more than 10 days) * 100

- B4B – Long-term Suspension/Expulsion Rate by Race/Ethnicity = (# students with IEPs in the racial/ethnic category, age 6-21 / # students with IEPs in the racial/ethnic category, age 6-21, suspended or expelled for more than 10 days) * 100

- B5A – Inside regular class 80% or more of the day percent = # students with IEPs, age 6-21, served inside the regular class 80% of more of the day / # students with IEPs, age 6-21) * 100
